

May 19-20, 2015
South Towne Expo.

The Salt Lake, Summit, Tooele Healthcare Coalition

presents

***Expanding Your
Capabilities to
Emerging Threats***

Day 1 Agenda: May 19th

0730-0800: Registration and Continental Breakfast

0800-0815: Welcome and Housekeeping

0815-0845: Opening Remarks: Jeff Graviat-Salt Lake County
Emergency Services Director

0845-1015: Understanding Current Threats Briefing: John McClure Statewide
Information and Analysis Center (SIAC)- “For Your Eyes Only”

1015-1030- Break and Networking

1030- 1145: **Keynote**-. “The New Normal: Leadership and Preparedness in the
21st Century”- General Honore (Ret)- Commander of Joint Task Force Katrina
and Global Preparedness Authority

1145-1300: Plated Lunch

1300-1430: Chemical, Burns, Radiation, Nuclear and Explosive (CBRNE)

Update: Lt. Phillip Peck, USARMY NG UTARNG (US)

**(A separate Track will be taking place from 1300-1700 on Post Earthquake
Safety Evaluation of Buildings (ATC-20)).**

1430-1445: Break and Networking

1445-1515: Crush Injuries, “Your First Crush; How to Avoid Having Any Re-
grets” Dr. Mark Shah

1515-1645: “Combat Causality Care, when there is no EMS” : MSGT Jonathan
Kirkland, US Air Force 151st Medical Group

1645- Closing

Day 2 Agenda– May 20th

0730-0800: Registration and Continental Breakfast

0800-0915: **Keynote-** “Last Man Down, A Fireman’s Story” Richard Picciotto, FDNY Chief and Highest Ranking Firefighter to Survive the World Trade Center Collapse.

0915-0930: Break and Networking

0930-1030: NYU NICU Evacuation, “A nurse’s Experience Inside Hurricane Sandy: Melissa Winder, RN

1030-1045: Break and Networking

1045-1200– **Keynote:** - “Resiliency of the Human Spirit” George S. Everly, Jr., PhD, ABPP, FAPM, FAPA

1200-1300: Lunch Buffet

1300-1400: “Public Information Officer Response in a Highly Emotional Event” Joe Dougherty, Utah Department of Emergency Management and Officer Justin Hoyal, Unified Police Department

1400-1415: Break and Networking

1415-1515: Panel Discussion on Behavioral Health Resources Available During a Disaster

115-1530– Break and Networking

1530-1645: “Involving Physicians in Emergency Preparedness; Carrots and Sticks” and Closing Remarks: Dr. Mark Shah

Biography: Keynote Speakers

Lt. General Russel L. Honoré (Ret.)

Commander of Joint Task Force Katrina and Global Preparedness Authority

Prior to his command of Joint Task Force-Katrina – leading the Department of Defense response to Hurricanes Katrina and Rita in Alabama, Mississippi, and Louisiana – General Honoré served in a variety of command and staff positions which focused on Defense Support to Civil Authorities and Homeland Defense. As Vice Director for Operations, J-3, The Joint Staff, Washington, D.C., and, as the Commander, Standing Joint Force Headquarters-Homeland Security, United States Northern Command, General Honoré's focus was Defense Support to Civil Authorities and Homeland Defense. For four of the past six hurricane seasons, he supported the Department of Defense planning and response for Hurricanes Floyd in 1999; Lilli and Isadore in 2002 (both hit the Gulf Coast); Isabel in 2003; and Charley, Frances, Ivan and Jeanne in 2004. General Honoré also planned and supported the United States military response to the devastating flooding which swept Venezuela 1999 and Mozambique in 2000. As Vice Director for Operations, he led the Defense Department's planning and preparation for the anticipated Y2K Millennium anomaly. As Commander of SJFHQ-HLS under NORTHCOM direction, he planned and oversaw the military response to the Space Shuttle Columbia Tragedy and the DC Sniper Shootings. Additionally, General Honoré participated in three TOPOFF (Top Officials) exercises as well as the United Endeavor series of Homeland Defense exercises.

Among his assignments are Commanding General, First Army; Commanding General, SJFHQ-HLS, U.S. Northern Command; Commanding General, 2d Infantry Division, Korea; Deputy Commanding General/Assistant Commandant, United States Army Infantry Center and School, Fort Benning, Georgia; and the Assistant Division Commander, Maneuver/Support, 1st Cavalry Division, Fort Hood, Texas. He has also served as the Brigade Commander, 1st Brigade, 3rd Infantry Division, Fort Stewart, Georgia; Senior Mechanized Observer/Controller, "Scorpion 07," National Training Center (25 rotations); and Commander, 4th Battalion, 16th Infantry Brigade, 1st Infantry Division, Germany.

General Honoré's awards and decorations include the Defense Distinguished Service Medal (one Oak Leaf Cluster), the Distinguished Service Medal (one Oak Leaf Cluster), the Defense Superior Service Medal, the Legion of Merit (four Oak Leaf Clusters), the Bronze Star Medal, the Defense Meritorious Service Medal, the Meritorious Service Medal (three Oak Leaf Clusters), the Army Commendation Medal (three Oak Leaf Clusters), the Army Achievement Medal, the National Defense Service Medal (two Bronze Service Stars), Armed Forces Expeditionary Medal, Southwest Asia Service Medal (one Bronze Service Star) the Global War on Terror Service Medal, the Korean Defense Service Medal, Armed Forces Service Medal, Humanitarian Service Medal, Army Service Ribbon, the Overseas Service Ribbon (4), Kuwait Liberation Medal (Saudi), the Kuwait Liberation Medal (Kuwait) and the Joint Meritorious Unit Award. Qualification badges include the Expert Infantry Badge, the Parachutist Badge, and the Joint Staff Identification Badge.

General Honoré is chairman of the Louisiana Bicentennial Commission, a board member with the Louisiana Disaster Recovery Foundation and a member of the National Academy of Public Administration. He is the author of *Survival: How a Culture of Preparedness Can Save You and Your Family from Disasters* and the new book *Leadership in the New Normal*, which details how to be an effective leader in the 21st century.

In the summer of 2012, Honoré was recognized for his leadership once again, when the Center for Undergraduate Student Achievement was established at the Southern University and A&M College System as a means to help reverse the trend of fewer African American males graduating from college, while also increasing the number of male certified classroom teachers in urban settings. Honoré is a Southern University alumnus.

Organizations benefiting from his leadership message include the American Red Cross, The Coca-Cola Company, Lockheed Martin, Delta Airlines, Inc., Thrivent Financial for Lutherans, Michigan State Univ., CUNA & Affiliates, McDonald's, Crawford & Company, Con Edison and Booz | Allen | Hamilton.

General Honoré retired on February 29, 2008, following 37 years of active service with the United States Army. He continues to speak and consult nationally on Building a Culture of Preparedness, and is a former CNN contributor.

Biography: Keynote Speakers

Richard Picciotto

FDNY Chief and Highest Ranking Firefighter to Survive the World Trade Center Collapse

People call us heroes, but we were just doing our jobs.

—FDNY Battalion Commander Richard Picciotto

The highest-ranking firefighter to survive the World Trade Center collapse, and the last fireman to escape the devastation, Richard "Pitch" Picciotto was on a stairwell between the sixth and seventh floors of the North Tower when it collapsed on September 11, 2001. An FDNY battalion commander, his is the harrowing true story of an American hero, a man who thought nothing of himself and gave nearly everything for others during one of our nation's darkest hours. Picciotto tells an outspoken account of that indelible day, shaking and inspiring audiences to the core.

On the morning of September 11, 2001, Picciotto answered the call heard around the world. In minutes he was at Ground Zero of the worst terrorist attack on American soil, acting boldly to save innocent lives as the Twin Towers of the World Trade Center began to burn—and then to buckle. Already a veteran of terrorist attacks, Picciotto was present fighting a similar battle after the World Trade Center Bombing in 1993. Again inside the North Tower, where he found himself years earlier, burdened by an eerie sense of familiarity, he focused his concentration on the rescue efforts at hand. But it was there in the smoky stairwells that he heard and felt the South Tower collapse. He then made the call for firemen and rescue workers to evacuate, while he stayed behind with a skeleton team of men to assist a group of disabled and infirm civilians in their struggle to evacuate the inferno. And it was there in the rubble of the North Tower that Picciotto found himself buried for more than four hours after the building's collapse.

Having discovered that members of his team and a 59-year-old grandmother also were alive nearby, he and his men used their radios to send out Mayday calls until they made contact with a firefighter on the ground, and a search party was dispatched. When the light finally appeared about four stories above, he climbed upwards, reached the top, and saw the "unfathomable, mind-boggling destruction." And even then, it was not until after he organized the rescue of the others that he walked across the rubble to safety.

Picciotto's book, *Last Man Down*, is a tribute to the 343 firefighters and 2,400 civilians who lay dead in the rubble that surrounded him on that day. And moreover, it is a heartfelt remembrance of a day of infamy and profound humanity. The book was an immediate New York Times bestseller upon its release in May 2002.

Chief Picciotto is also a former New York City police officer, and has served as a fire marshal, an arson investigator, a lieutenant, and a captain prior to becoming chief in 1992. He is a 28-year veteran of the FDNY, and for the past nine years, he has presided over the department's Battalion 11, covering Manhattan's Upper West Side. He is the recipient of departmental awards and commendations for his bravery and meritorious service.

Biography: Keynote Speakers

George S. Everly, Jr., PhD, ABPP

Co-founder of, and Representative to the United Nations for, the International Critical Incident Stress Foundation.

An award-winning author and researcher. Dr. Everly is listed as one of the world's "Top 10 Authors" by Biomed Experts in three different areas: psychological crisis intervention, disasters, and human resiliency. He holds appointments as Associate Professor (part time) in Psychiatry at the Johns Hopkins School of Medicine, Professor of Psychology at Loyola University in Maryland (core faculty), and Associate in Public Health at the Johns Hopkins Bloomberg School of Public Health, and is a member of the Johns Hopkins Center for Public Health Preparedness. He is Executive Director of Resiliency Science Institutes at the University of Maryland, Baltimore County Training Centers, a research and training consortium. In addition, he has served on the adjunct faculty of the Federal Emergency Management Agency and the FBI's National Academy at Quantico, Virginia. Dr. Everly holds Honorary Professorships at the Universidad de Flores, Buenos Aires, Argentina and Universidad de Weiner, Lima, Peru. He was a member of the CDC Mental Health Collaboration Committee (having chaired the mental health competency development sub-committee), the Infrastructure Expert Team within the US Department of Homeland Security, and the NVOAD Emotional & Spiritual Care Committee, as well as the NVOAD Early Psychological Intervention sub-committee. He is an advisor to the Hospital Authority of Hong Kong. Dr. Everly is co-founder of, and serves as a non-governmental representative to the United Nations for, the International Critical Incident Stress Foundation, a non-profit United Nations-affiliated public health and safety organization. He was formerly Distinguished Visiting Professor, Universidad de Flores (Argentina), and was Senior Research Advisor, Social Development Office, Office of His Highness, the Amir of Kuwait, State of Kuwait. Prior to these appointments, Dr. Everly was a Harvard Scholar, visiting in psychology, Harvard University; a Visiting Lecturer in Medicine, Harvard Medical School; and Chief Psychologist and Director of Behavioral Medicine for the Johns Hopkins' Homewood Hospital Center.

Dr. Everly is a Fellow of the American Psychological Association and a Fellow of the American Institute of Stress, in addition, he has been awarded the Fellow's Medal of the Academy of Psychosomatic Medicine and the Professor's Medal of the Universidad de Weiner (Peru). He is the author, co-author, or editor of 20 textbooks and over 100 professional papers. Among his texts are *Fostering Human Resilience* (Chevron, 2013), *The Resilient Leader* (DiaMedica, 2010), *The Resilient Child* (DiaMedica, 2009, Gold Medal Winner), *Integrative Crisis Intervention and Disaster Mental Health* (Chevron, 2008), *Pastoral Crisis Intervention* (Chevron, 2007), *Mental Health Aspects of Disasters: Public Health Preparedness and Response* (Johns Hopkins, 2005), *Personality Guided Therapy of Posttraumatic Stress Disorder* (APA, 2004), *Critical Incident Stress Management, 2nd Edition* (Chevron, 1999), *Psychotraumatology* (Plenum, 1995), *A Clinical Guide to the Treatment of the Human Stress Response, 2nd Edition* (Plenum, 2002), *Controlling Stress and Tension, 8th Edition* (Pearson, 2009), and *Personality and Its Disorders*, with Theodore Million (Wiley, 1985). Dr. Everly served on the editorial board of *Stress Medicine* and was a past contributing editor for the *American Journal of Health Promotion*. He was editor of the monograph on a shielding response to pandemic influenza.

Dr. Everly has won numerous awards receiving the Certificate of Honor from the Baltimore Police Department, the Honor Award from the American Red Cross, the Leadership Award from the American Red Cross, and the Maryland Psychological Association's Award for Scientific Contributions to Psychology. Dr. Everly was the recipient of the University of Maryland's College of Health and Human Performance's 50th Anniversary Outstanding Alumni Award and was recognized as a "Pioneer in Clinical Traumatology" by the Traumatology Institute of the Florida State University. He was awarded the Susan Hamilton Award for consensus-building and collaboration in disaster mental health. He served as the Mental Health Chairperson for the Central Maryland Chapter of the American Red Cross, where he was co-founder of the disaster mental health network. In addition, he assisted in the development of the State of Maryland Disaster Mental Health Corps and Maryland's Disaster Spiritual Care Corps. Dr. Everly was the 39th president of the Maryland Psychological Association. He has given invited lectures in 22 countries on 6 continents. His works have been translated into Russian, Arabic, Swedish, Polish, Portuguese, Japanese, Chinese, German, Korean, and Spanish.

Day 1 Presenters– May 19th

Bob Carey is employed with State of Utah, Division of Emergency Management as the Operations Section Manager and the Operations Chief over the State EOC. He is also the Earthquake Program Manager for the Division. Prior to his State employment, Bob worked as a cartographer managing the cartographic and photo lab operations. He has a Bachelor's of Science in Environmental Studies and Geology from Westminster College. Bob was the Team Leader of a Multi-Agency Evaluation Task Force for the 1994 Northridge Earthquake and

Jeff Graviet currently serves as the Salt Lake County Emergency Services Director and is responsible for emergency/disaster planning and coordination in the areas of continuity, resilience and recovery for Salt Lake County Government. He is the co-chair of the Salt Lake Urban Area and a member of the State, Local, Tribal, Territorial, and Governmental Coordinating Council for the U.S. Department of Homeland Security. He is a retired Major of the Utah Department of Public Safety and served in key roles as the Deputy Director of Homeland Security, State Bureau of Investigations, and Peace Officer Standards and Training.

Master Sergeant Jonathan Kirkland currently serves as the Training NCOIC for the 151st Medical Group CERFP. He performs duties as the 4N Functional Manager for the CERFP, EMT Program Coordinator, and PHTLS Coordinator for the 151st MDG. Prior to that assignment, he served as the sole Medical Logistician for the 151st Medical Group. MSgt Kirkland oversaw all functions of the Medical Logistics section, monitored all WRM, morale, and functional manager duties within that section. He also ensured efficient and effective implementation of the Self-Inspection program for the Medical Logistics section during the Health Services Inspection, and communicated WRM readiness to the 151st MDG Readiness section.

John McClure is the Strategic International and Domestic Terrorism Analyst at the Utah Statewide Information & Analysis Center. John received his Master's Degree in Terrorism Studies from the Handa Center for the Study of Terrorism and Political Violence at the University of St. Andrews in Scotland. John has published works in the fields of International Security, Trans-national Terrorism, and Security in the State of Utah. Day 1 Presenters– May 19th

First Lieutenant Phillip Peck

Lieutenant Phillip Peck currently serves as the Training Officer for the FEMA Region VIII Homeland Response Force and the Executive Officer for the 624th Vertical Engineer Company. He has also served as a Chemical Operations Officer for the 1457th Engineering Battalion and the 204th Maneuver Enhancement Brigade. As a Chemical Officer, he specializes in Chemical, Biological, Radiological and Nuclear (CBRN) Operations, and currently coordinates training and supervises training requirements for the

Homeland Response Force, the Utah Casualty Assistance and Support Element (CASE), and CBRN Enhanced Response Force Package (CERFP).

Lt Peck was born in Salt Lake City and grew up in Riverton, Utah. He enlisted in the Utah National Guard in 2009 as a Human Resources Specialist, and received his Bachelor's degree in Emergency Management and his Commission as a Second Lieutenant from Utah

Bruce Spiegel is employed with State of Utah, Division of Risk Management as a consulting engineer. Prior to his State employment, he was the director of structural engineering and transportation for DMJM, Salt Lake and San Bernardino, CA. He has a Master's of Science in Civil Engineering from the University of Utah; and a Bachelor's of Science in Civil Engineering for University of Colorado at Boulder Colorado. He is a licensed professional engineer in Colorado and a certified structural engineer in Utah. **No photo available**

Dr. Mark Shah: I have been a practicing emergency physician since finishing my residency in 2003. I have worked with Utah Emergency Physicians since 2006; staffing the emergency departments for Intermountain Healthcare in the Salt Lake area. I have been involved in disaster medicine since 2001. I have been the medical director for the New Mexico Disaster Medical Assistance Team (DMAT), and oversaw the care of thousands of patients after Hurricanes Frances, Katrina, and Rita. I am now the medical director for Utah DMAT, the Intermountain Center for Disaster Preparedness, and for Intermountain Healthcare's Urban Central Region Emergency Management. My recent disaster deployments have included the earthquake in Haiti and the typhoon in the

Philippines. I teach extensively in the area of disaster medicine, as adjunctive faculty with the University of Utah. I develop policy in conjunction with groups including the Utah Hospital Association and the Utah Department of Health

Day 2 Presenters– May 20th

Ron Bruno is a Utah law enforcement officer with over twenty years of experience. Ron has dedicated much of his career to integrating criminal justice and mental health services. Ron was one of the original officers to develop Crisis Intervention Team (CIT) Utah, a program designed to build stronger crisis response systems as well as to train law enforcement officers in behavioral health issues. Soon after it's inception, Ron became the Program Director and has personally trained over three thousand law enforcement officers in de-escalation techniques. Ron was a founding board member of CIT International and continues to promote the philosophies of this organization through his work on committees

Joe Dougherty is the public information officer for the Utah Division of Emergency Management. An award-winning journalist for nine years, Joe joined DEM in 2010. He gives about 100 media interviews a year on topics related to disasters, Be Ready Utah and emergency preparedness. He is a Golden Spike winner for public relations writing about the Great Utah ShakeOut. Joe also provides regular training and conference presentations on crisis communications, media relations and social media to communicators and the public and is a past president of the Utah PIO Association. He also loves his mini orchard and macro photography. He lives in Davis County with his wife and three children

Day 2 Presenters– May 20th

Justin Hoyal is an 18 year member of the Unified Police Department and Salt Lake County Sheriff's Office. Over the years he has worked in a variety of assignments including patrol, motorcycle squad, SWAT Sniper, Major Accident Team Investigator, and Homicide/Cold Case Homicide Detective. In 2007 he was promoted to the rank of sergeant and supervised different units including patrol, Family Crimes Unit, and Violent Crimes Unit/Homicide. In 2010 he was promoted to the rank of Lieutenant and was the executive officer in the Technical Services Division. He currently serves as the Public Information Officer for the Unified Police Department and has been the department's spokesperson since 2011. Justin has his Bachelor of Science in Criminal Justice from Weber State University. He currently re-sides in West Jordan, UT

Greg Ryder is a retired Executive Fire Officer with Bachelor's Degree in Economics from the University of Wisconsin, Associates Degree in Fire Science from Utah Valley University, graduate of Executive Fire Officer from the National Fire Academy and 29 years of Command and Control leadership experience predominately at the battalion level. Originally trained as a banker moved west to ski and joined the Sandy Fire Department. A member of numbers councils and boards and in his spare time enjoys skiing, playing golf, traveling, running rivers and camping with his wife Charlene, three daughters their husbands and nine grandchildren

Day 2 Presenters– May 20th

Mr. Snarr is the Adult Programs Administrator for the Utah Division of Substance Abuse and Mental Health, past president of the Utah Mental Health Counseling Association and is in private practice providing counseling and consulting services. He has 24 years experience in the Utah Public Mental Health System providing services and managing programs for people with mental illness and co-occurring disorders. He developed and directs the Utah Behavioral Health Crisis Counseling program, coordinated FEMA trainings for the Utah Winter Olympics, the All -Hazards Southwestern Regional Training, facilitated a statewide plan for Utah on disaster preparedness, and provided consultation to the U.S. Secret Service. He has provided training for more than 500 crisis counselors, worked with FEMA, SAMHSA and statewide programs to help serve people that were relocated due to Hurricane Katrina, facilitated crisis counseling services for

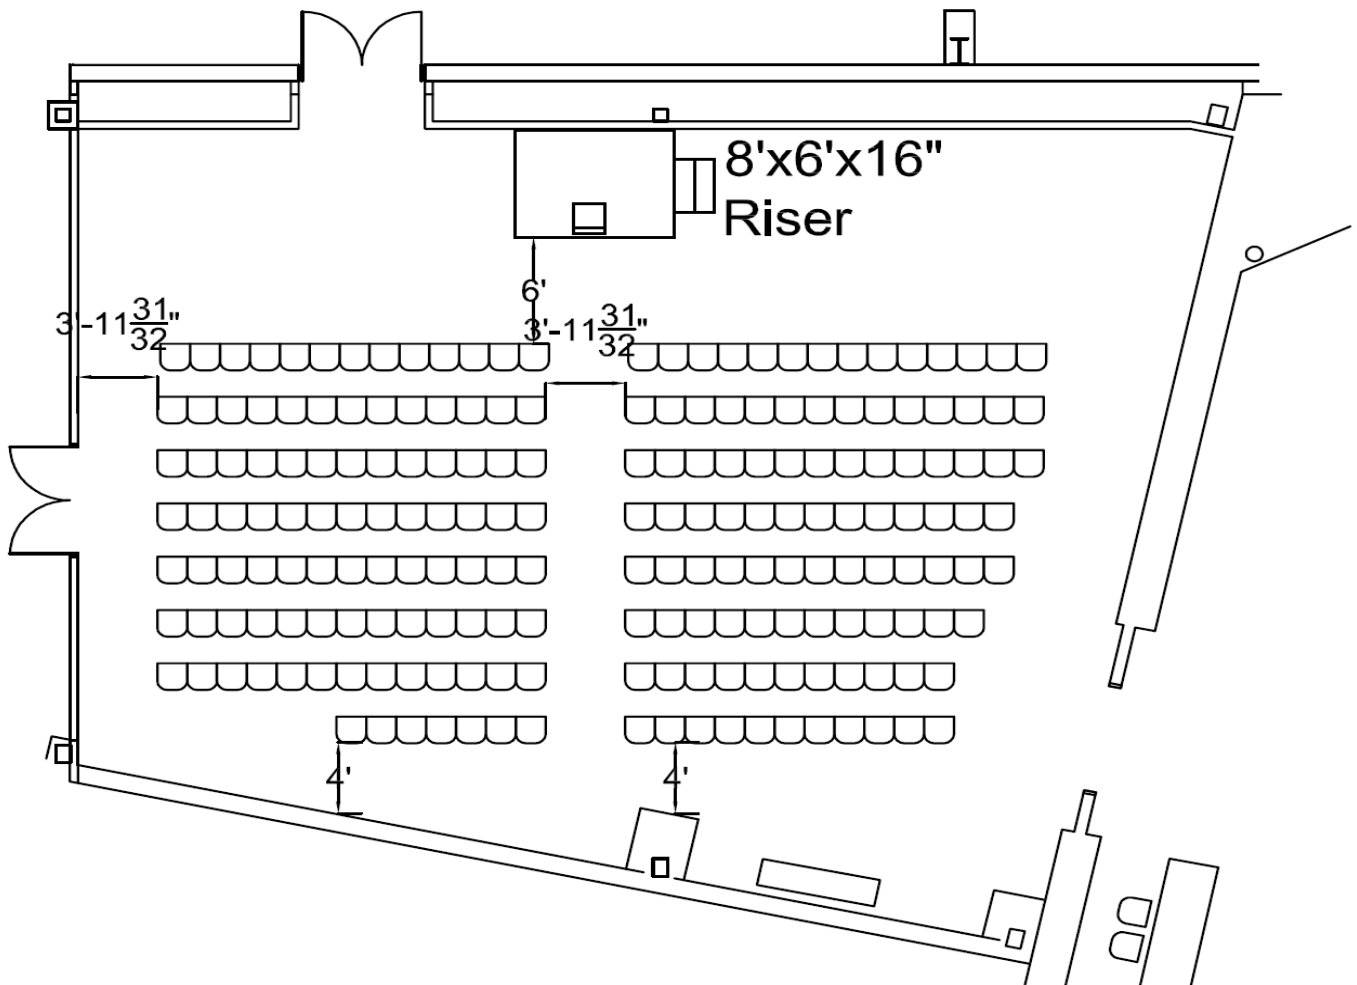

Melissa Winder is a nurse practitioner in the Pediatric Intensive Care Unit at Primary Children's Hospital. After completing her undergraduate studies at Brigham Young University, Melissa worked for several years as a charge nurse on the Infant Medical Surgical Unit and staff nurse in the PICU at Primary Children's Hospital. She then attended graduate school at Duke University, where she led a research study on the implementation of a Quality of Life team in the Duke Pediatric Healthcare System. She was also chosen as a University Scholar with an emphasis on interdisciplinary collaboration in improving education. Upon completion of a Master's in Nursing in Pediatric Acute Care, her family then moved to New York City, where she was a nurse practitioner with Pediatric Cardiothoracic Surgery at NYU Langone Medical Center. Her clinical interests included family-centered care, nursing staff education, and participation in studies with the Congenital Heart Surgeon's Society. She primarily spent her time caring for patients in the Pediatric Cardiac ICU, where she had the unexpected and life-changing experience of evacuating seven post - surgical newborns and young children during Hurricane Sandy.
